

Welcome

Located right here in Panama City Beach, Lucky Street Lanterns produces all of our lights by hand in our shop. We came up with this design in the place we love, surrounded by nature and the beauty that brought us here.

Our lights are certified by Florida Fish and Wildlife. Using the proper light bulb and with our unique design, these lights are approved as Turtle Friendly for coastal communities.

We are the only producers on the Emerald Coast making turtle friendly lighting and our products are made to last a lifetime.

Caring for wildlife and the environment will allow us to leave something for our most precious ones to appreciate

CERTIFIED WILDLIFE FRIENDLY LIGHTING

INTRODUCING CERTIFIED WILDLIFE FRIENDLY LIGHTING FROM LUCKY STREET LANTERNS

A Turtle-Friendly Light

**With a certified FWC lightbulb,
our lights are perfect for
coastal communities**

Our Newest Designs are:

- *Certified Wildlife Friendly*
- *Durable*
- *Timeless*
- *Eco-Friendly*
- *Made by hand on the Gulf Coast*
- *Exclusive design, not available anywhere else*

Turtle Light 2 (left)
Turtle Light 1 with ball top (right)

Durable

~Our wildlife friendly lights are made of pure copper, all brass hardware and contain no glass; making them durable enough to withstand difficult seaside environments.

~These are exclusive designs only, made right here on the gulf coast.

~These lights are perfect for:
Beaches and beach-side homes
Marinas
Backyards

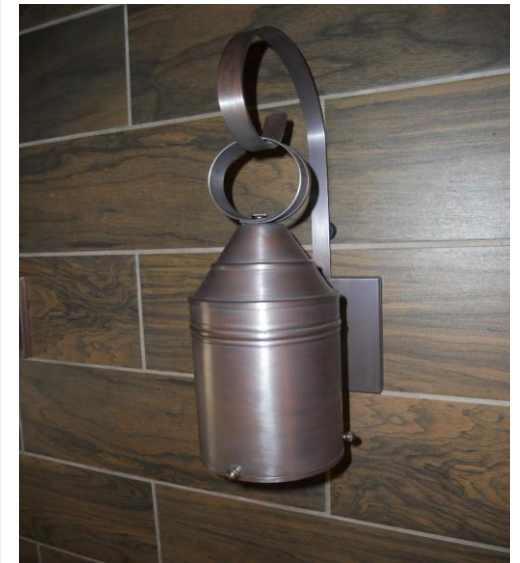

~ There are currently 3 tops available to choose from for our Turtle Light #1:

Bell (left)
Traditional (center)
Ball (right)

Versatile

~Our lights can be darkened to take on an aged look and are available in 3 finishes:

Raw Copper
Antique Copper (center)
Dark Copper (left)
